

KANNUR UNIVERSITY

(RESEARCH AND DEVELOPMENT CELL)

FORMAT OF APPLICATION FOR THE APPROVAL OF HUMAN ETHICAL COMMITTEE

Name of the research student (if more than one student mention all students name)	
Name & address of Supervisor and all investigators with full postal address, pin code, email ID, and contact number) Attach brief biodata of the supervisors and all investigators	
Name of Department/Institution	
Name of Programme (Ph.D./Post Doc): Subject/Discipline	
Title of Research Work	
Synopsis (Attach)	Yes/No
Significance of the Study	Add in Synopsis in less than 50 words
Research Problem	

Objectives	
Method to be followed	
Population & Number of participants (sample size)	
Mode of sampling and Geographical Area to be covered	
Tools	
Nature of procedure for data collection (give brief outline)	
Ethical Concerns (if any)	
Informed Consent/Assent (Attach Format)	Yes/No

Parental Consent (If the research subject is less than 18 years)	Yes/No/Not Necessary
Institutional/University Department Consent (attach)	Yes/No
Time frame of the study (attach Gantt chart in the synopsis)	Yes/No
Period of data collection	
Participant Fee (if any)	
Compensation Fee (if any)	
Kind of Data Collection	Lab/Field/ (Tick whichever is applicable)
Types of human intervention a. Interview/ Survey/Training/Psychological-Educational Intervention/Physical examination/Biological samples etc) b. Whether vulnerable group like children, women, pregnant women, physically and mentally challenged, prisoners, students etc. are included in the study:	
Do you propose to collect demographic information? a. Yes/No (if yes, specify gender, age, ethnicity, education etc.) b. Explain how the researcher has taken steps to protect the underprivileged groups if such groups are included in the study.	
Potential harms or risks to participants? (Yes/No)	
Potential harms or risks to researcher? (Yes/No)	
Will you make video, photograph, or audio recordings? (Yes/No). If yes, it should be limited to bare minimum with in/armed consent (Document for informed consent in English and Malayalam should be included in the consent/assent form)	
Lab/Place from where data will be collected	
Mode of announcing data collection	

Is there a potential conflict of interest? (Yes/No). If yes, give details	
Confidentiality and respect of study participants assured. (Yes/No) <i>How to protect confidentiality if any external agency involved in the research? (If involved external agency explain the procedure)</i>	
Attached Investigators Undertaking (Yes/No) <i>An undertaking from the investigator showing that the data collected shall be used only for the proposed research work and not for any other purpose. Seek further approval from ethical committee before attaining any Significant change in this study)</i>	
Signature of the Researcher	
Signature of the Supervisor	

I will provide the necessary support for the above-mentioned study in the Department of
 _____ **at** _____

Date:

(Seal)

Signature of HoD
